

Recovery Support

For Survivors of

Sexual Assault

Caring Alternatives, Inc.

We offer understanding, compassion, strength and opportunity for healing.

The professional support you receive during the recovery process may be the deciding factor in how quickly and how well you return to a healthier life.

Group is confidential, informal, and directed by its members. All group members share something in common and their combined experiences offer an emotionally healing opportunity.

Professionals experienced in the areas of sexual assault and domestic violence facilitate the support groups and answer hot line calls. Staff remain available to provide information about local resources, medical care, judicial processes, recovery services and methods to reclaim your life.

New members often feel nervous about coming the first time. Many find that by calling the number below, they receive additional information that enables them to feel more comfortable about coming to see how the group benefits survivors.

We encourage you to accept the benefits our aftercare support group offers. There is no cost for this program. For confidential information contact:

- (734) 242-8711 or (734) 847-4986
- questions@caringalternatives.com
